## PRIVATE TREATY SALE:

**VIEWING:** Bulls will be located at 215 Pineview. They will be penned for easy viewing from 9:00 – 11:30 MST on Friday Dec. 7.

**SALE:** The opening day sale will be held at the Dawes County Fairgrounds at 1:00 MST on Fri. Dec. 7

**PARTICIPATION:** Three options:

1. On Friday December 7, 2018 come look through the bulls and make your selections. Then join us at the fairgrounds at 1:00 MST and you can offer your bid as we proceed through the sale order.
2. Come, look, and select your bulls anytime. Notify us of which lots you are interested in and we will call you when that bull is being sold. You can raise your bid live via telephone.
3. Leave your order with Ann or I and we will have someone bid in your absence.

All bulls will be base priced at \$2500. If two or more are interested in a bull, we will raise the bid in \$250 increments until the bull is sold. If you are the only person interested in the bull you may buy him at the base price.

Whether you attend in person, are on the phone, or leave your bid; this sale is conducted in a straightforward, transparent manner. Bids are never misused in any way and your trust is of utmost importance to us.

**SEMEN INTEREST:** John & Ann Dockweiler Angus will retain a ½ semen interest on every bull selling.

**DELIVERY:** The first 300 miles is free, remainder at cost.

**HEALTH:** All bulls will have passed a semen test. The 6 non-virgin bulls will be tested free of trichomoniasis.

**GUARANTEE:** The bulls are guaranteed breeders. If they aren't, return them and we will stand behind them 100%. Beyond that we will assist with first breeding season losses on a case by case basis.

Thank you for your interest in our program. We have the best customers in the world. I get to hear way more than my share of good reports about how you like our bulls, their calves, or my favorite, “I’m trying to talk my neighbors into trying your bulls.” Thank you for your support.

The bulls are a little lighter conditioned than last year. They didn’t come off grass until the middle of October and the 4-year-old CRP grass hay they are getting isn’t adding condition very quickly. They are being supplemented with DDG pellets. It’s the same program as in years past. In my younger days we fed a TMR with ample energy to achieve excellent gains on yearling bulls. I’ve also been part of the starve them and stunt them forage only development program. I think our present development program is superior to either of those previous methods for ensuring soundness and fertility.

I’m a maternal Angus breeder. To me, maternal is primarily conformation. You can see production, fertility, environmental adaptability, and the freedom from problems that leads to longevity in the conformation of a cow. Maternal function has a form that almost everyone recognizes and appreciates when they see it. My goal is to replicate it with consistency. To do so I identify, then exploit and intensify the genetic maternal excellence in my own herd with close-breeding and selection. Over time, employing known genetic principles, a strain is created. Maintaining the fidelity of the strain has become my primary objective. At times I use inbreeding at other times I look for a beneficial cross but always moving forward with the same objectives. The results are maternally prepotent bulls that remain relatively consistent over time. If you raise cows on grass and keep your own replacements I believe the characteristics embedded in these bulls should be helpful.

We look forward to hearing from many of you this time of year. If there is anything I can do to assist you with your selections don’t hesitate to contact me.

John Dockweiler [jadangus@bbc.net](mailto:jadangus@bbc.net)

CED	BW EPD	WW EPD	YW EPD	MILK	\$EN	\$WN
+3	+.6	+12	.20	+9	+38.64	-4.61

JAD Phoenix AT12 has grown into a nice bull. He is the product of a half-brother x half-sister mating out of Shoshone Prudence 6157. He will be 6 years old in the spring. He has been very sound with excellent feet and legs. His daughters are good uddered, nice young cows.

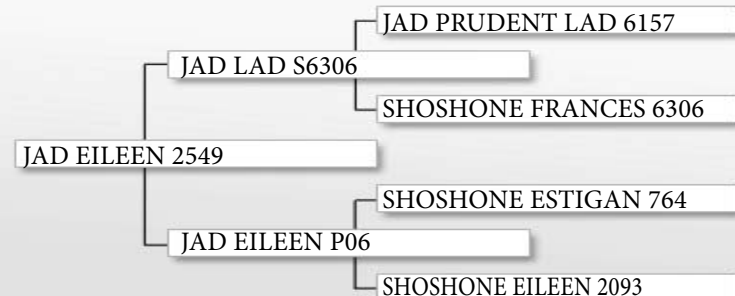

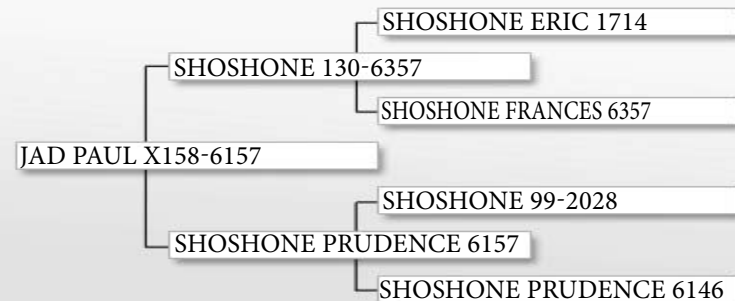

# JAD ELUSIVE A2549

DOB: 5/13/13  
REG: #17849856

CED	BW EPD	WW EPD	YW EPD	MILK	\$EN	\$WN
-3	+2.3	+17	+24	+13	+32.52	+3.01

Elusive has a strong maternal ancestry. His dam is one of our best and has produced two herd bulls for us.

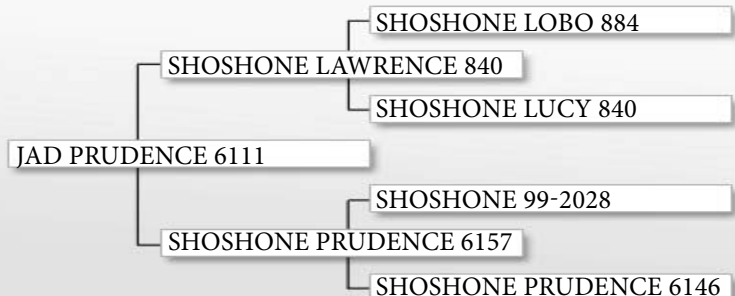

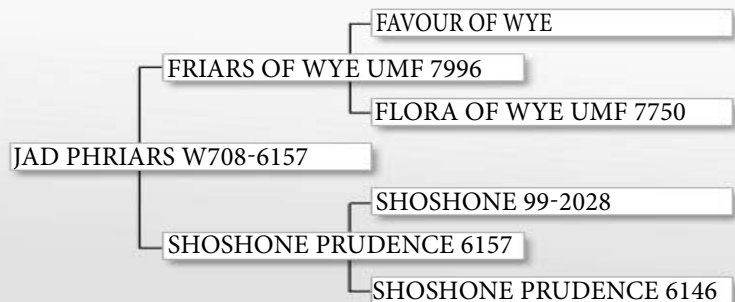

# JAD PHRIARS A6111

DOB: 4/29/13  
REG: #17763132

CED	BW EPD	WW EPD	YW EPD	MILK	\$EN	\$WN
+4	+.3	+18	+25	+20	+23.72	+17.03

A6111 is another half-brother x half-sister bull out of Shoshone Prudence 6157. We continue to line breed 6157 because of the value of her maternal characteristics. A6111 is moderate, balanced and sound.

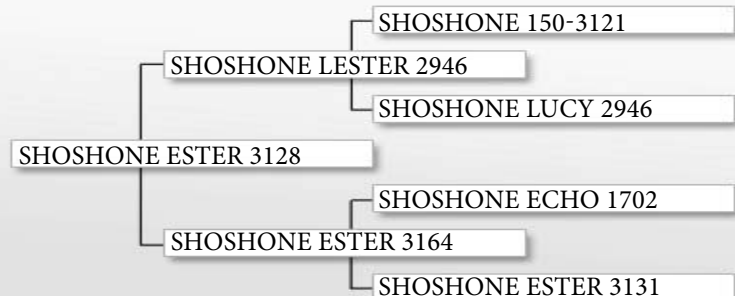

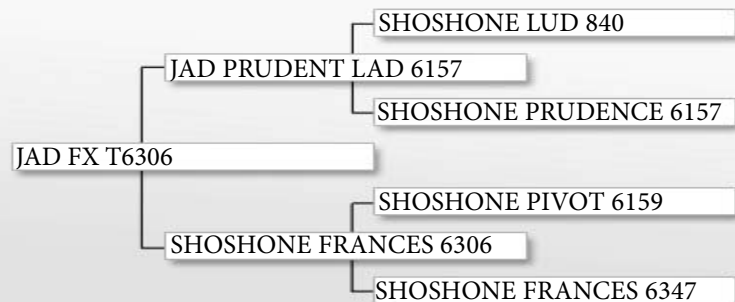

# JAD ESTERAGO A3128

DOB: 5/5/13  
REG: #17779682

CED	BW EPD	WW EPD	YW EPD	MILK	\$EN	\$WN
-3	+2.9	+19	+26	+15	+29.40	+5.91

His dam is the cow that I would show to people to demonstrate femininity, maternal wedge, and Bonsma type. She was beautifully feminine. Esterago was her last calf. His sire FX T6306 is the one bull I would like to have back because of how consistently he hit the "just right" category with his daughters.
